

## INSTALLATION INSTRUCTIONS

### **EMPRESS SLIDING SYSTEM (Soft-Close) SKU: EMP-SYRO**

**Please keep this manual and product code number for future reference and for ordering replacement parts if necessary.**

## GENERAL INSTRUCTIONS

- Read this manual carefully and completely before proceeding.
- It is recommended that you wear safety glasses at all times during the installation.

## INSTALLATION OVER CERAMIC TILES

- If your shower door is to be installed over ceramic tiles, the tiles should lay completely under the wall jamb.
- Silicone should be used to seal the gap where the ceramic tiles meet the fixed panel.

## NOTICE

- Caulking : no sealant is required inside the shower, unless otherwise stated.
- Some models are equipped with clear sealing gaskets.

## CARE FOR YOUR SHOWER DOOR

- Never use scouring powder pads or sharp instruments on metal pieces or glass panels.  
An occasional wiping down with a mild soap diluted in water is all that is needed to keep the panels and metal parts looking new.
- We recommend wiping the glass panels with a squeegee after each use.

## Tools Required

|                                                                                     |                                                                                     |                                                                                     |                                                                                      |                                                                                       |
